

2012 marks the **40th Anniversary of the '72 Flood**. To commemorate the flood, the Chemung Valley History Museum will host an exhibit from June to September 2012. Since the flood impacted the entire community we want the community to tell their flood stories. The collected stories will serve as the basis for the exhibit. In addition to stories, we would like to borrow objects that survived the flood and/or photographs of the flood.

If you would like to share your flood story and/or loan us objects or photographs related to the '72 Flood please contact Kerry Lippincott at 734-4167, ext. 205, e-mail educator@chemungvalleymuseum.org or send stories to CCHS, 415 East Water St., Elmira, 14901.
